Everyone has wishes and dreams.

1. **Let's turn your wishes and dreams into a written Goal.** Be definite. You must have a stated goal and a timeline to accomplish it. Napoleon Hill said: "What the mind can see and believe, IT CAN ACHIEVE". Work with your sponsor or mentor.
2. **Develop an Action Plan.** It takes time, effort and definite purpose.
3. **Make a Names List.** Shoot for 100 names. Ask your mentor to help with a Memory Jogger. Don't judge! It doesn't matter where someone is in life. For some, the trigger will be philanthropy. For others, it will be helping people. For some it will be more money for their family and for others, it will be Time Freedom!
4. **Start to Contact and Share...**We are NOT selling or persuading, we are simply looking for like-minded people...People who want MORE out of life.
5. **Follow Up.** Whether it's a 3-way call with your sponsor, mentor or upline, it's necessary to establish a "sense of belonging" and to demonstrate your new person does NOT have to know everything to succeed.
6. **Train on FOLLOWING this SYSTEM.** Our business has the training, Noble8Now marketing system, business cards, lead program and so much more to ensure success, BUT we ALL have to "plug in".
7. **Get involved in Personal Growth and Development...**We have to grow to succeed. Napoleon Hill's "Think and Grow Rich" is a great book to read if you haven't. Plug yourself into the Life Mastery Academy courses. Surround yourself with positive thinking people.
8. **Build on our Culture of Giving and Growing.** Noble8Revolution provides the vehicle to turn our dreams into a reality.

Use the Noble8Now tool and your Sponsor/Mentor to assist you with 3-Way Calling. Help and direct your new team members in getting off to a quick start too.

Enrolling your first 3 customers within your first 48 hours!

Continue to enroll customers. **Three** (3) qualifies you for commissions in the 1st CAMPUS. **Two** (2) more for the 2nd, **two** (2) more for the 3rd and **one** (1) more for the 4th.

That’s 8 personally enrolled customers. Let’s DO IT NOW!

You are NOT SELLING or CONVINCING...You are calling a family member, friend or business associate and saying, ***"Hey, Joe. I found something totally different than anything I’ve seen before and I think you’ll love this! If I send you an email with a link to two short videos, will you take 11 minutes to watch them? They really caught MY attention! Joe, this can dramatically improve people’s lives in many areas, both of us included. When do you think you’ll have time to watch and when should I call you back if you haven’t called me first?"***

That’s it. **Do NOT** answer questions. If they ask questions, just say; ***"Joe, the videos will do a much better job in a lot shorter time than I will. Just watch the videos."***

KEEP THIS DOCUMENT AND PASS IT ON TO YOUR

Independent Business Leaders (IBLs).

Follow up with your Customers and IBLs to ensure they are duplicating this process with their team.
