Message	<p>Hi \$leads-firstnames,</p> <p>Creating a product online is the critical first step in starting an online business. Nothing else matters: not starting a blog, not creating content, not even email marketing.</p> <p>If you don't have a product to sell, you don't have a business; you have a hobby called blogging. We want to help you by having a low entry cost product that everyone wants....</p> <p>Not only that, it will help you earn extra income online for you and your family. Imagine if you had an extra \$500 a month. What would you do with that money? ? Pay off debts? ? Take a vacation? ? Finally stop renting, and buy a home?</p> <p>This is the best way to generate extra money. Think about it, the possibilities are endless when you have something that the entire world can do at a cost that will not break their budget!</p> <p>Once you see how the money works, we know you will be easily excited to share it with everyone you know, love and care about. You will soon see that it doesn't take much to put money in your hands, the hands of others and give back to the planet in all areas of need.</p> <p>How rewarding knowing that you are doing something great for the world and helping through philanthropic endeavors, one family at a time!</p> <p>Make sure you act on this offer right now!</p> <p>Click HERE to get started now!</p>
